Industry Veteran Joe Summers Introduced as Director of Mobile Doorman

CHICAGO, Mar. 1, 2018 -- [Mobile Doorman](#), the industry-leading creator of custom-branded apartment apps for multifamily communities across the United States, announced today that Joe Summers will be joining the team as its new Director, starting March 2018.

“Joe not only brings nearly 20 years of industry experience to the Mobile Doorman team, but a reputation of passion for helping his clients achieve success,” said founder of Mobile Doorman, Bob Matteson. “We could not be more thrilled to incorporate Joe’s background and sharp eye for the future of real estate technology into our company.”

Since entering the industry in 1999, Summers has been recognized as one of the most accomplished consultative sales leaders in multifamily. Prior to joining Mobile Doorman, Joe has served as a sales management executive with industry leaders CallSource, SatisFacts/Apartmentratings and Zillow.

Summers will join a Mobile Doorman executive team bolstered with a mixture of consumer tech and multifamily experience following the introduction of Larry Bellack as the company’s President in January 2018.

“Mobile Doorman is changing the consumer experience in multifamily by creating new digital connections between properties and their residents,” said Summers. “I couldn’t be more excited to join the effort.”
